The Power of Real Time Information

Are you getting all you can out of Therapy Track's powerful, real time information?

Therapy Track Products:
REAL TIME INFORMATION

Real Time Productivity
Real Time Staffing
Real Time Cost Control

Therapy Track is designed to make your life easier! As a director or manager of a therapy department, you spend a lot of time generating reports, tracking staff efficiency, and keeping track of a million things. With Therapy Track, you can:

- Get instant daily department information, including staff productivity and RVU cost;
- Generate daily, monthly, quarterly and annual reports with ease;
- See how specific venues or teams are performing as a group;
- Provide timely feedback to your team;
- Save time in your day by balancing and organizing your management duties;
- Create easy to understand charts that show overall trends; and
- Save hospital dollars and reduce departmental costs to the hospital.

And Therapy Track is perfect for presentations, reports, team building seminars and staff training!
