Greetings!

We've had a lot going on in the last few months, so I want to give you a recap of all our developments:

- Therapy Track has grown beyond the therapy departments where we started, and **we now include tracking for ALL ancillary department employees.**

Ancillary Services are the backbone of any hospital's overall patient care, and we work with them all. That's why we're introducing a new name for our core product: **Total Productivity Track.**

- We're also in the midst of a **pilot program to track Nursing performance and productivity** in a Houston area hospital. Stay tuned for more details and availability on that program, but if it sounds like something you'd like to talk about sooner than later, feel free to give us a call!

- And speaking of giving us a call, I want to remind you all about our new (bigger!) office address and phone number:

5100 Westheimer, **Suite 515**  
Houston, TX 77056  
Toll Free - 866-55TRACK (866-558-7225)  
Direct - **832-384-1851**

- We have some new faces at Therapy Track, including:

[Gene Holloway](#), Executive VP Marketing & Sales  
Robin Kelly, Development Assistant  
Melanie Pierce, Office Manager

Finally, I want to thank you all again for your business and interest -- 2009 is shaping up to be an exciting year for us, and I look forward to having even more news in the next issue.

As always, please forward this email to any of your colleagues that you think might be interested in learning about us.
