DID YOU KNOW?

You probably already know that we work with all kinds of hospital services -- from cardiology to sleep labs, X-ray to pharmacy...

But did you know that Total Productivity Track also tracks Environmental Services (like housekeeping).

Call us to find out more!

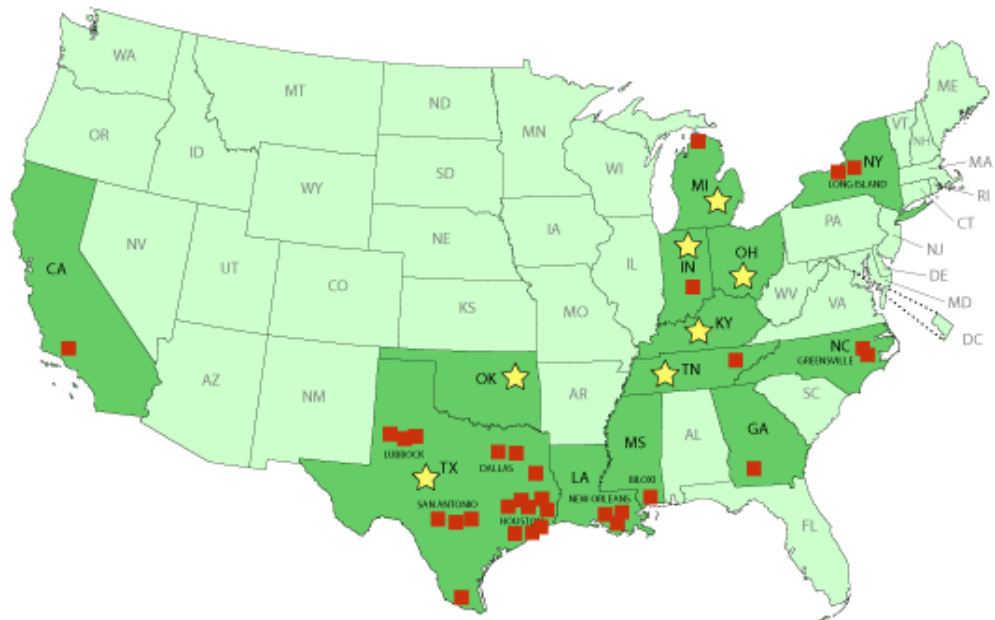

Toll Free:
866-55TRACK
(866-558-7225)

Greetings!

This month's Remedies takes a moment to toot our own horn -- since endorsements from state hospital associations just keep rolling in!

As always, please do not hesitate to give us a call if you'd like to take all the great reports and tracking available with us into additional departments in your facility.

The Endorsements Keep Coming!

Total Productivity Track is Growing Fast Nationwide...

...with clients and endorsements around the country!

★ Endorsed by State hospital association

Therapy Track is the ONLY company endorsed by the VHA and major hospital associations in Indiana, Kentucky, Ohio, Oklahoma, Michigan, Tennessee and Texas that helps hospitals focus on operations and financial workflow enhancement for ALL Ancillary Services.

...PLUS WE'RE GREEN!

It's not something that we talk about much, but the truth is -- Total Productivity Track is a *green* product!

We're online and communicate almost entirely by email rather than in print, which means that our environmental footprint is pretty small.

Plus, the amount of paper our clients use (printing reports, for example) is completely within their own control.

We feel pretty good about that! (Now let's all go hug a tree...)

New Advisory Board Member: Rob Morris

Therapy Track, LLC is pleased to announce the addition of Rob Morris to its advisory board.

Mr. Morris has worked in healthcare for almost 20 years and currently serves as Chief Executive Officer for Sugar Land Rehabilitation Hospital, the leading provider of inpatient rehabilitation services for Houston's southwest corridor. Mr. Morris and his family relocated to Sugar Land from the Dallas/Ft. Worth area where he worked for the Baylor Health Care System for 12 years, serving as Vice President of Operations for Baylor Regional Medical Center at Grapevine and overseeing operations at their main hospital as well as two outpatient imaging centers and a physical rehabilitation center. Prior to entering the field of hospital administration Mr. Morris served in a clinical capacity, working with patients as a registered radiology and ultrasound technologist. He completed an Administrative Residency with Baylor, received his MBA from the University of Texas at Arlington, and received a Bachelor of Science degree in Health Services Administration from UT Southwestern in Dallas.

Thank you all again for your business and interest -- 2009 is shaping up to be an exciting year for us, and I look forward to having even more news in the next issue.

As always, please forward this email to any of your colleagues that you think might be interested in learning about us.

Sincerely,

Richard D. Tinsley
CEO
