Greetings!

Total Productivity Track just keeps growing! This month's Remedies announces four more ancillary service departments that TPT is now tracking.

If there is someone in another department in your hospital that you think might benefit from this information, please help us spread the word by using the "Forward" link at the bottom of this newsletter. Thank you!

TPT Expands to Four New Departments (Now Tracking More Ancillary Services than Ever!)

When our customers talk, we listen! So when we started hearing from hospital CFOs and COOs that they wished Total Productivity Track would track their surgery, lab, environmental services and behavioral health departments... we made it happen!

And now we're offering it to the rest of our customers:

- Surgery: TPT can track RNs, surgery techs and other staffmembers as they perform endoscopic and other procedures, as well as the daily activities during their shifts.

- Lab: TPT can track patient appointments, the number of venipunctures performed daily by individual staffmembers, phlebotomy techs, and more!

- Environmental Services: TPT can track all Environmental Service personnel, including linen techs, trash techs, housekeeping, and floor techs.

- Behavioral Health: TPT can track the daily and monthly treatments, sessions and targets of RNs, case managers, counselors and support staff to make your Behavioral Health department more productive than ever!

DID YOU KNOW?

Welcome Deborah Saunders!

Therapy Track is pleased to announce the hiring of Deborah Saunders as our new Marketing Director. Welcome, Deborah!

...BY THE WAY -- WE'RE GREEN!

It's not something that we talk about much, but the truth is -- Total Productivity Track is a *green* product!

We're online and communicate almost entirely by email rather than in print, which means that our environmental footprint is pretty small.

Plus, the amount of paper our clients use (printing reports, for example) is completely within their own control.

We feel pretty good about that! (Now let's all go hug a tree...)

See us at the 2009 THA Conference!

Therapy Track & Total Productivity Track are preferred vendors of the THA Solutions Group, and we'll be at the October 2009 THA Annual Meeting in Nashville. Come by booth #421 and say hello!

As always, please feel free to contact me directly with any questions or for more information about anything in this month's newsletter.

Sincerely,

A handwritten signature in black ink that reads "Richard D. Tinsley".

Richard D. Tinsley
