Therapy Track Newsletter, Issue 9: June 2005

APTA Annual Conference Happens this month in Boston -- hope to see some of you there! In the spirit of this annual professional overview, we'd like to know what we can do to improve Therapy Track for our users. Drop us an email and give us your suggestions -- we'll see what we can do. Thanks!

Enhancing Management Skills with Therapy Track

At Therapy Track, we like to say, "If you can't measure it, you can't reward it. If you can't reward it, you can't improve it."

Therapy Track starts with the 3 basic principals of staff management (TPM): Targets, Productivity & Mix.

By tracking your staff's TPM, you gain critical information that improves all aspects of your job, including:

- help each staff member reach his/her professional potential;
- take responsibility to improve the hospital's bottom line; and
- decrease your department's costs so that it is a plus to the hospital.

Therapy Track's motto is:

If you can't measure it, you can't reward it. If you can't reward it, you can't improve it.
